# OUR PROGRAM

**READY SET ACRO** is a collaborative acrobatic program developed with Industry Leader *Acrobatic Arts*, specifically designed for preschoolers (Ages 3-5 years). It emphasises safe and effective progressions to foster the physical and social skills needed for healthy early childhood development. This 45min program is developed with original music with lyric cues and focuses on three key components: Stretch, Strength, and Skills.

The **STRETCH** component, led by FLEXY the giraffe, incorporates age-appropriate exercises to enhance flexibility and mobility, through movements like splits and backbends.

The **STRENGTH** aspect, guided by BRIDGIE the Elephant, builds physical strength and control through fun and safe exercises that help little dancers perform moves with power.

The **SKILLS** portion, shown by FLIPPY the penguin, develops a range of acrobatic movements. From basic poses and balances, to more complex hand stands and cartwheels, whilst always working at an appropriate level for their skill and experience.

The guided training and structured approach allows instructors to successfully conduct a dynamic and engaging preschool acrobatics class that not only promotes holistic developmental milestones but teaches a range of exciting skills that lead into our Primary School aged Dance & Cheerleading training.

# FAQ'S

## **Can I watch my child's classes?**

In our experience preschoolers are able to concentrate better without the distraction of other noise in the room from parents and other siblings. Our program has been endorsed by leading child care experts who support the independent learning model. As preschoolers participate in classes they have the opportunity to develop additional secure attachments with their teachers and peers. We have plenty of waiting area in our reception with CCTV live footage of the class. Our program allows parents to watch the first class if necessary to help them adjust.

## **Are your teacher's qualified?**

All teachers have their Working with Children Check and follow the program that is endorsed by early learning experts. READY SET ACRO teachers are required to gain their accreditation and participate in extensive training from ACROBATIC ARTS.
